Dear reader, entrepreneur,

I would like to introduce you to the Christian Council International Foundation (CCI, based in the U.S.), sister organization of CCI, based in the Netherlands, originally established in 2013 as Transatlantic Christian Council (TCC).

What CCI does: Networking and influencing public policy on an international level

From the Netherlands and the US, CCI stands up for Christian standards at the United Nations (UN), the European Union (EU), the African Union (AU), the Organization for Security and Cooperation Europe (OSCE) and the US-Congress as engaged organization, defending and respecting the sovereignty of member states capitals. Extra focus is on themes such as the protection of Life, the natural Family and Freedom (of religion, education, market, etc.). CCI can do this because TCC has acquired accreditation and the authority to speak up and lobby at these international organizations.

This is important and urgent. With limited resources, we are trying to counter a frontal attack of progressively loaded agenda items such as non-discrimination, tolerance, gender ideology, equality, sexual and reproductive health and rights, children's rights, women's rights, LGBT rights, comprehensive sexuality education, critical race theory, etc. **Example:** *We want to prevent that you are forced to make gender neutral toilets in your company and that you retain freedom in policy and acceptance of staff of your choice and conviction.*

Concretely, we try to influence international resolutions/decisions at the source by talking to decision-makers in person and getting them to make the right choices.

What CCI wants: Permanent supervision of international organizations and strengthening of the ties between the Netherlands (Europe) and the United States (Canada).

In order to be able to do this work thoroughly, we want to have permanent supervision at these international organizations and member states. Substantial financial support is a prerequisite for this.

Staff and Method: In concrete terms, this means that, under the coordination of the Founder Director of TCC/CCI, policy officers monitor the day-to-day affairs at the UN (New York and Geneva), EU (Brussels and Strasbourg), AU (Addis Ababa), OSCE (Warsaw), the EU-Fundamental Rights Agency (FRA, Vienna) and US Congress (Washington DC) and raise

alarm, discuss matters and come up with amendments for changes at the right time. Many meetings can be followed online, but it is desirable to build a relationship with delegates and representatives from like-minded, often African member states and to be present on location when deals are made. An administrator and a fundraiser/communication expert complete the team. In the meantime, we act and respond to opportunities that may arise.

What it costs and how you can contribute to this

To achieve this, a three-year 2022-2024 project has been set up: **‘For Life, Family and Freedom at the UN-EU-AU-OSCE and Strengthening of the Transatlantic Ties’ with the motto: ‘Free, brave’.**

To achieve this CCI needs ideally \$2,085,000.-: in 2022 \$655,500.-, in 2023 \$695,000.-, in 2024 \$734,500.-. CCI-US is a 501(c)(3) non-profit charity with tax deductible status for donations. CCI-NL has the equivalent of this status: the ANBI.

After the 5 years Pro Deo set-up phase and successful acquisition of accreditations at the UN, EU, AU and OSCE, we are now ready for the leap to maturity. **To become a permanent player, serious and joint financial input is needed.** We would like to welcome your support for our effort and discuss the project with you. If you are interested, please contact us at +31 6 558 38 607 or hjvanschothorst@christiancouncilinternational.org.

Kind regards, Henk Jan van Schothorst – Founder and Executive Board CCI & TCC
